

PRESS RELEASE

First Care Clinics: Hurricane Harvey Disaster Relief Fund

October 2, 2017

We at First Care are devastated to see all of the damage from Hurricane Harvey. Our hearts are saddened by all of the photos and videos of the destruction. That is why we wanted to create a Hurricane Harvey Disaster Relief Fund.

Even though none of the First Care Clinics were in the path of the storm, we want to support the victims. First Care focuses on supporting the local communities, through the community fund, touching a wide variety of charities across Kentucky. At First Care, we recognize that we are part of a larger community and that is why we wanted to create a Hurricane Harvey Disaster Relief Fund. We donated \$2 from every patient visit, between September 9th through 15th. We know our contribution can't cure the pain and suffering, but hopefully it can help the people affected back on the right track.
