

PRESS RELEASE

First Care Clinics: Hurricane Irma Disaster Relief Fund

October 3, 2017

The First Care family is extremely sad to see all of the destruction of Hurricane Irma. We can only imagine the pain that the thousands of people who are displaced are feeling, as well as the grief of the families who have lost loved ones. That is why we wanted to start a Hurricane Irma Disaster Relief Fund.

First Care focuses on supporting local communities through the community fund, which supports different charities across Kentucky. Even though none of the clinics were in the path of the storm, we want to support the victims. We acknowledge that we are part of a larger community and that's why we created a Hurricane Irma Disaster Relief fund. We gave \$2 from every patient visit, between September 16th through 27th. We hope our efforts help in the cleanup of the Hurricane.
